INSPIRATION TO CREATE

“I would encourage anyone planning to redesign or give their kitchen a makeover to use this brochure as an inspiration to create something beautiful.

My intention here, was to cover the wide spectrum of possibilities and options offered by Sleek Kitchens.

You could have a large luxurious space or a charming small single counter, that you call a kitchen.

At Sleek Kitchens, the choices of interesting new materials and finishes with subtle and vibrant colour schemes are endless.

To define the look and style of your kitchen, having a colour scheme and a mood board of materials and finishes is a great starting point. While Dark, Matt and Metallic finishes will make your kitchen look more modern and cool, a lighter palette will indicate a more classic, contemporary taste.

I wish you all an awesome journey towards getting yourself a beautiful Sleek Kitchen for your home.”

- Ritu Nanda, Interior Designer.
