# Things to keep in mind during installation.

Do not exceed recommended door weight

---

Do not exceed recommended door thickness for twin track

---

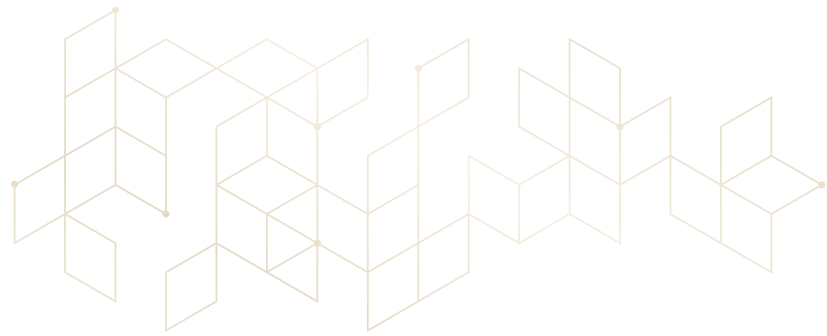

Keep all hardware and tools handy and in close proximity

---

Be careful during installation

# An Important note on dampers.

While dampers come as part of the regular package for SmoothSlide Advance, SmoothSide Slim and SmoothSlide Stellar, they are also a great fit for the SmoothSlide Standard and Smart range and can be purchased separately.

## Features

Longer soft close travel distance

---

Two-way soft closing dampers available

---

Ideal for door weight between 35-80 kg

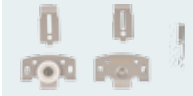

### **Warranty Terms & Conditions :**

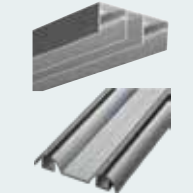

1. Warranty covers the defects resulting from defective parts, materials or manufacturing, if such defects revealed during the period of warranty from the date of purchase.
2. Repairs, installations and removal of product shall be carried out only by an authorized service personnel, failing which this warranty will be void.
3. Breakage of plastic part not covered under warranty.
4. Installation to be done as per manual provided with the product
5. Improper installation, not as per instructions will make the warranty null and void.
6. Warranty covers manufacturing defects and will not cover any defects arising out of factors which are out of control of the company as indicated below.
  - Damage resulting from normal wear and tear, scratches, dent etc. developed over time due to usage.
  - Surface damages and color fading due to improper cleaning practices including but not limited to the use of bleach, alkali, acid cleaners, dry (powder) cleaners or any other abrasive cleaners.
  - Damage due to exposure to acids, chemicals or improper maintenance and failure to clean which may lead to issues like scaling & gloss reduction.
  - Use of excessive force or damage resulting from use of sharp objects like tools.
7. Rusting not covered under warranty.

**Maintenance Tip : Clean using only water with soft cloth/sponge**
